

EARTHTECH INFRA PRODUCTS

Company Profile

QUALITY FOREVER..

Earthtech Infra Products (EIP) was established in 2011 with the main aim of manufacturing concrete products with application in infrastructure projects and niche areas of use.

The key promoters of the company come from a range of diversified backgrounds and as a group can claim to have over 40 years of experience in process and technologies related to the manufacture of concrete products.

The company is a sister concern of a group of other companies involved in providing plants and technology to the building products industry.

The manufacturing facility is based out of Hyderabad located on the city outskirts. Fully equipped with its own independent power backup system and skilled manpower, EIP is well geared to meet the demands of its customers on a time bound basis.

- USP:** EIPs USP lies in its long standing industrial background and focus on quality – both aesthetic and functional. Having over 40 years of experience from the building products industries EIPs mentors have been an invaluable asset to the company.
- Products:** Concrete Earth Pits (Earth Rod Inspection Pits)
- Compliance:** Earth pit compliant with BS EN 50164-5:2009 & IEC 62561-5:2011 standards
- Memberships:** SSI, FTAPCCI & DGFT
